**9. Micro finance update**

**9.1 Money collected in the fund for microloan**

The fund for providing microloans has increased over the last 2 years. Apart from the 8,000 NRS from 2016, a sum of 72,000 paid back from previous years was added to make 80,000 NRS for distribution in 2016. The families, who got the micro loan for goat raising in 2015 have successfully repaid loans amounting to 72,000 Nrs.

The 18 families who got the micro loan for goat raising, small poultry business promotion, and vegetables farming in 2015/016 have received a lot of benefits and extra money (Minimum Nrs 7000.00 to maximum Nrs 15,000.00) which was spent on dresses and books for their children, food and some clothes for the family. They feel that their livelihoods is improving, and would therefore like to remember those who supported the village. The women, children and all the villagers' health and living situation has improved because of income generation activities and awareness. Now they are happy and give many many thanks to the supporters of their village with new concepts. People from the village are continuing their regular savings and credit in a sustainable way and almost all villagers are involved in the micro-credit group also. A lot of success has been achieved.
