What was the role of the Triangle facilitator?</p>	<p><i>Villagers have a lot of requests, so it is difficult to fulfill all the requests of the villagers, but the facilitator Hari explains about the money and the supporting system from Triangle and the villagers agreed and want to spend it in the right way.</i></p> <p><i>Especially Hari cooperates and helps focus on the main issues, the income generating activities, and gives information about the Triangle. Hari also gives support to planning, implementation, monitoring, coordination and reporting.</i></p>
<p>Did the villagers have any comments/questions for the Triangle?</p>	<p><i>With lack of awareness of development opportunities with income generation projects, it is difficult to manage the money in the best or right way. Provision of technical knowledge for the business of income generating is needed.</i></p> <p><i>It will be necessary to provide capacity building training to the villagers.</i></p>
