Activity plan: When are the activities going to be implemented?	<i>All planned activities will be started after Nepalese festival of Dashain Tihar, and will be finalized in December 2013</i>				
Who is responsible for the implementation?	<i>The Triangle village committee plays the vital role in implementation of all activities. VDC Secretary, VDC hired Social Mobilizer and Triangle/ASK responsible person Hari also support implementation and monitoring.</i>				
How were the beneficiaries selected?	<p>Following completion of the settlement level planning the committee's members again organized the meeting to distribute the money for the income generation activities. The villages have developed resource distribution criteria by themselves. Generally the villagers made some indicators for the distribution of money for income generation;</p> <ul style="list-style-type: none"> the family who has no or very little land, poor house condition, Lack of food security for whole year, Labors for livelihood for others , Landless people, Unemployed family, No guarantee for settlement, etc. 				
Were there any disagreements – discussions about the priorities? What was the role of the Triangle facilitator?	<i>Before the training of settlement level planning (SLP) some of the villagers raised issues such as the money is very little and there used to be conflict of interest in distribution also, so it was difficult to fulfill the expectation of the villagers. Now the facilitators from their own village, neighbor's village facilitators and Hari explained about the resources, internal and external, Triangle money and the supporting system from Triangle and the villagers agreed and want to spend in the right way. ASK specially cooperates and fully focus on the settlement level planning process with the critical engagement of communities, providing information of the Triangle and supported in planning, implementation, monitoring, coordination and reporting.</i>				

<p>Did the villagers have any comments/questions for the Triangle?</p>	<p><i>In previous year due to lack of awareness it was difficult to manage the money the right way. But after villagers participation in settlement level planning they realized and fully agreed, and cooperating for realistic and participatory approach. But they need more technical knowledge for the settlement level planning. Triangle Money is ok but they have doubt whether the VDC and DDC will support properly or not for this year.</i></p>
