

REPORT FROM ASK/TRIANGLE

NP-21.2 CHHAPA BIMIRABOT GANDAKI PROVINCE - SYANGJA NEPAL

Sita Dhakal 33-year-old Widow, from NP-21.2, Chhapa Bimirabot joined the Triangle Support Project 2 years ago. At that time her life was very hard. Her husband had passed away because of drinking alcohol. She has no income. She has 2 children to send to school. So, she needs to knock the door of the local money lender for loan. Food sufficiency was only available for 3 to 6 months from her own land production.

After joining to the Triangle, she obtained a microloan Nrs. 10,000 through the village committee without any interest and she purchased 2 goats initially from the locality to add more from her own 2 goats. In a year those 2 goats gave five kids and she started to rear. Recently she has 6 goats. She already sold 3 goats for Nrs 32,000.

Now it is easy to send the children regularly to school and she is not suffering from small/small financial crisis to handle the household economy. She told us innocently "God helps to helpless I believe and Triangle is look likes god so they are helping to the helpless people like me".

Remark:							
6. How were beneficiaries selected?							
<p>After finishing the settlement level planning the village committee's members organized another meeting and established criterion for the distribution of money. Generally, the villagers followed priorities for the distribution of money used by LGCDP (Local Government Community Development Program) indicators:</p> <ul style="list-style-type: none"> • Families with no or very little land • Needy people • Poor housing conditions and lack of food for the whole year • Persons with labor-based livelihoods (for others) • Unemployed families and needy people • No guarantee for settlement and most earthquake affected persons. 							
7. Ongoing activities update, results of the activities from Donor funding in 2017							
<p>All planned activities were completed. From the grant Nrs 75000.00 (DKK 5000), Nrs 70000.00 invested for micro loan to women, poor and needy people for different income generation activities and benefited 7 families. Likewise Nrs 5000.00 was spent for small infrastructure development. This is described bellow;</p> <ul style="list-style-type: none"> • 4 families got a microloan of Nrs 40000.00 (4 persons*Nrs 10000.00) and have started raising of goats. • 3 families got a microloan of Nrs 30000.00 (3 persons*Nrs 10000.00) and have started commercial and off season/seasonable vegetables farming. • Nrs 5000.00 spent to purchase pipe for small scale irrigation. 							

<p>8. Doing Democracy training</p> <p>From the relevant rubric: What did you learn from the training? Any improvements in the village because of the applied method? Any conflicts as a result of the activity? (Learning)</p>
<p>Public Social Audit: We have to learn.</p> <p>Community Score Cards: We need to know and want to improve our health post and school.</p> <p>Right to Information: We heard but not aware how to use.</p> <p>Other methods (SLP): This is a very good and participatory method to know the planning system and the selection of most needed projects. The villagers are now committed to do the SLP themselves with small help.</p>
<p>9. Micro finance update</p>
<p>9.1 Money collected in the fund for microloan generated from Danish donor funding</p>
<p>The fund for providing microloans has increased over the last two years. Apart from the 67,000 NRS from 2017, a sum of 30000 Nrs paid back from previous years was added to make 97000 NRS for distribution in 2017/018. The 3 families, who got the micro loan for goat raising in 2016 have successfully, repaid loans amounting to 30000 Nrs.</p>
<p>9.2 Use of microloan and status</p>
<ul style="list-style-type: none"> • 8 families got a microloan of Nrs 80000.00 (8 persons*Nrs 10000.00) and have started raising of goats. • 2 families got a microloan of Nrs 20000 (2 persons*Nrs 10000.00) and have started commercial and off season/seasonable vegetables farming.

Message from Village.....

The families who got the micro loan for goat raising, pig raising, buffalo keeping, bee keeping and vegetables farming for several years have received a lot of benefits and extra money (Minimum Nrs 5000.00 to maximum Nrs 15,000.00 per year) which was spent on dresses and books for their children, food and some clothes for the family and saving also. We feel that our livelihood is improving, and would therefore like to remember those who supported us in this village.

Our (women, children and all the villagers) health and living situation is improving because of income generation activities, awareness training and small infrastructures development support. We are getting lot of success here in the village from your support. We are really happy with such kind of support to the village to fulfill basic and real needs here in the village!!!!

It is really memorable!!!!!!!

Thank you!!!!!!
