Generally the villagers followed priorities for the distribution of money used by LGCDP (Local Government Community Development Programme):</p> <ul style="list-style-type: none"> • Families with no or very little land • Poor housing conditions • Lack of food for the whole year • Persons with labor-based livelihoods (for others) • Unemployed families • No guarantee for settlement, etc • Most earthquake affected persons

8. Doing Democracy training

From the relevant rubric: What did you learn from the training? Any improvements in the village because of the applied method? Any conflicts as a result of the activity? (Learning)

Public Social Audit: The people and the facilitators have learned that this is a necessary component to make the government and service provider accountable. Facilitators were developed.

Community Score Cards: It is one of the most important components to improve the government service to the peoples and make the service provider better and accountable.

Right to Information: The knowledge about RTI is now increased. (anti-corruption measure)

Other methods (SLP): This is a very good and participatory method to know the planning system and the selection of most needed projects.

9. Micro finance update

9.1 Money collected in the fund for microloan generated from Danish donor funding and outcomes

The fund for providing microloans has increased slowly slowly over the last 5 years. The 10 families, who got micro loans for raising of goats and commercial and off season/seasonable vegetables farming in 2018/019 have successfully repaid loans NRS 212000 for amounting to 294000 NRS. People are happy with such kind of support to the village to address the basic and real needs of the citizens. The 10 families mentioned above have received extra money (minimum NRS 20000 to maximum NRS 40000) which was spent on dresses and books for their children, food and some clothes for the family. They feel that their livelihood is improving, and would therefore like to remember/thanks to donor **Peter Harder** who supported the village.

Message from Village.....

*The families, we got the micro loan for goat raising, and vegetables farming from several years have received a lot of benefits and extra money (Minimum NRS 25000 to maximum NRS 50000 per year) which was spent to purchase dresses and books for their children, food and some clothes for the family and saving in the cooperatives. We are now feeling that our livelihood is improving, and would therefore like to remember **Peter Harder** who supported us in this village and ASK Triangle to bring her here in the village.*

Our's (women, children and all the villagers) health and living standred is improving because of income generation activities, awareness training and small infrastructures development support of ASK/Triangle by coordinating different donors/individual supporter from many years. We are getting lot of success here in the village from your support. Hope it will be really memorable for you and us!!!
